

14th Anniversary Luncheon

CLACKAMAS
FREE CLINIC
VOLUNTEERS IN MEDICINE

Pathways to Health

Friday April 24, 2026

Abernethy Center – Oregon City

Clackamas Free Clinic – Volunteers in Medicine provides no-cost, low-barrier healthcare to uninsured and underinsured neighbors: people who are working, caring for families, and doing their best to stay healthy despite barriers. **Our 14th Anniversary Luncheon: Pathways to Health** honors the network of people and partners who make our services possible — volunteers, community organizations, and supporters who together keep healthcare accessible in our community.

Your sponsorship directly supports compassionate primary care, vision care, and other essential services, ensuring our doors remain open and accessible.

As a sponsor, you'll connect with more than 180 event attendees and gain visibility with our 4,000+ digital followers, while demonstrating your commitment to a healthier, more connected community.
